SUPPLEMENTARY INFORMATION: This administrative final rule reflects the administrative action of changing the address of the Wyoming State Office of BLM. It changes the street address for the personal filing of documents relating to public lands in Wyoming and Nebraska, but makes no other changes in filing requirements.

Specifically, it does not change the mailing address of the Wyoming State Office, but only the street address. Therefore, this amendment is published as a final rule with the effective date shown above.

Because this final rule is an administrative action to change the address for one BLM State Office, BLM has determined that it has no substantive impact on the public. It imposes no costs, and merely updates a list of addresses included in the Code of Federal Regulations for the convenience of the public. The Department of the Interior, therefore, for good cause finds under 5 U.S.C. 553(b)(B) and 553(d)(3) that notice and public procedure thereon are unnecessary and that this rule may take effect upon publication.

Because this final rule is a purely administrative regulatory action having no effects upon the public or the environment, it has been determined that the rule is categorically excluded from review under Section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

This rule was not subject to review by the Office of Management and Budget under Executive Order 12866.

As required by Executive Order 12630, the Department of the Interior has determined that the rule would not cause a taking of private property. No private property rights would be affected by private property. No private property rights would be affected by a rule that merely reports address changes for BLM State Offices. The Department therefore certifies that this proposed rule does not represent a governmental action capable of interference with constitutionally protected property rights.

Further, the Department has determined under the Regulatory Flexibility Act (5 U.S.C. 601, et seq.) that it will not have a significant economic impact on a substantial number of small entities. Reporting address changes for BLM State Offices will not have any economic impact whatsoever.

This rule does not contain information collection requirements that require approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq.

The Department hereby certifies that this proposed rule meets the applicable standards provided in Sections 2(a) and 2(b)(2) of Executive Order 12778.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 2

[FCC 95-316]

Fixed-Satellite Service; Correction

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: On August 3, 1995 (60 FR 39657), the Commission published a final rule amending its Table of

Frequency Allocations by adding a footnote and revising a footnote to permit use of the 17.8-20.2 GHz band for military space-to-Earth ("downlink") fixed-satellite transmissions. The Commission is correcting the amendatory language and table amendments to ensure that the amendments are properly incorporated into the 1995 revision of the Code of Federal Regulations volume.

EFFECTIVE DATE: August 3, 1995.

FOR FURTHER INFORMATION CONTACT:

Tom Mooring, Office of Engineering and Technology, (202) 776-1620.

SUPPLEMENTARY INFORMATION: The Commission is correcting the amendatory language and display of the Table of Frequency Allocations in the summary of the Memorandum Opinion and Order published in the Federal Register August 3, 1995, (60 FR 39657) at the request of the Office of the Federal Register to ensure that the October 1, 1995, revision of 47 CFR Parts 0 to 19 accurately reflects those amendments to the Table and is in the correct editorial format.

Federal Communications Commission William F. Caton, Acting Secretary.

Amendatory Text Correction

Accordingly, in FR Doc. 95-19164, published in the Federal Register on August 3, 1995, beginning on page 39657, make the following corrections:

§ 2.106 [Corrected]

Beginning on page 39657, in the third column, amendatory instruction 2 and the amendments to § 2.106 Table of Frequency Allocations are corrected to read as follows:

- 2. Section 2.106, the Table of Frequency Allocations, is amended as follows:
- a. Remove the existing entries for 17.7-18.1 GHz and 18.1-18.6 GHz in columns (1) through (3) and for 17.7-17.8 GHz and 17.8-18.6 GHz in columns (4) through (7);
- b. Add entries in numerical order for 17.7-17.8 GHz, 17.8-18.1 GHz and 18.1–18.6 GHz in columns (1) through (7);
- c. Revise entries for 18.6-18.8 GHz through 20.1-20.2 GHz;
- d. Add United States footnote US334;
- e. Revise Government footnote G117. The additions and revisions read as follows:

§ 2.106 Table of Frequency Allocations.

US334 In the band 17.8–20.2 GHz, Government space stations and associated earth stations in the fixed satellite (space-to-Earth) service may be authorized on a primary basis. For a Government geostationary satellite network to operate on a primary basis, the space station shall be located outside the arc measured from East to West, 70°W to 120°W. Coordination between Government fixed-satellite systems and non-Government systems operating in accordance with the United States Table of Frequency Allocations is required.

Network Financial Interest and Syndication Rules

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission repealed significant portions of its financial interest and syndication ("fin/syn") rules, scheduled the remaining rules for expiration, and committed itself to conducting a proceeding six months prior to the scheduled expiration date. On April 5, 1995, the Commission adopted a Notice of Proposed Rule Making initiating the instant review of these rules. It also sought comment in the Notice of Proposed Rule Making on whether to accelerate the expiration date for the remaining rules in the event it determined that no basis had been shown for retaining them.
